GUARDIAN
HEALTHCARE SERVICES

*Giving you choice of
care and services to help you to
continue to be independent and
live in your community*

GUARDIAN
HEALTHCARE SERVICES

**Guardian
Healthcare
Services**

As much or as little assistance as you need to assist your independence.

**Home Care
& Services**

**THE HELP YOU NEED TO
STAY LIVING IN YOUR OWN HOME**

Supporting you at home

Guardian Healthcare Services understand how important it is for you to remain independent and feel safe in your own home even if you need help to do this.

We can deliver as much or as little care and services you need to help you to do just that.

The Australian Government assists by funding care and services which are individually designed to meet your needs and maximize your independence and overall well-being.

How do I get this funding and care?

Before you can receive Australian Government funding you need to be assessed by the Aged Care Assessment Service (ACAS).

The assessment is free.

You can arrange to be assessed by:

- Visiting your Dr to get a referral or
- Phone My Aged Care on 1800 200 422

Arranging the care and services you need

Together with you we will listen to what you need in the way of care and services and when and how you want these to be delivered to you, and who you want to deliver them.

We can design a “package” of care and services that is designed specifically for you, and may include a range of services. Each package is unique to the person in receipt of the Government funding.

After you have been assessed we will allocate a member of our caring professional team to you.

Service charge

You will be asked to pay a weekly fee towards the cost of the care and services you choose.

This fee will be based on your income, and in accordance with Australian Government Guidelines.

If you are a full pensioner, this charge will be no more than 17.5% of your weekly income.

We deliver

CONSUMER DIRECTED CARE

You are the consumer and you choose the care and services you need

Some of the services that our staff can arrange for you include:

- Personal care, such as assisting with dressing and showering
- Home care including house cleaning
- Laundry
- Meal preparation
- Transport to and from shopping and appointments
- Companionship
- Carer support and information for care recipients, families and carers
- Social support to help you to maintain links with your community.
- Other individual needs that you have that are not listed above
